To The Trade

Dear Friends:

In presenting this list, once again we wish to thank our many customers for the nice business given us in the past and hope to have the pleasure of continuing this service in the future, and from those who have never bought from us we will appreciate a trial order at least.

We are equipped to handle orders of any size, large or small, and all stock is well-grown and thrifty and we will see that you receive first-class nursery stock, carefully dug, graded and packed.

Our stock this season is far above the average and our prices compare with our competitors, but the supply of thrifty young nursery stock is scarce and we advise you to cover your wants early and avoid any disappointment in Spring shortages.

Thanking you in advance for your consideration and extending to you a cordial invitation to visit our nursery and see the stock we are offering and we will do everything possible to make your visit worthwhile.

Cordially yours,

COUCH BROS. NURSERY COMPANY

T. K. Couch

Manager

Terms and Conditions of Sale

TERMS: Five percent (5%) discount and free boxing and packing when cash accompanies your order. This does not apply to balled and burlapped items, such charges will be at actual cost of material used.

All accounts are due sixty days from date of invoice. Interest charged on past due accounts. Cash or satisfactory reference is required of unknown parties.

COLLECTED STOCK: We handle each order for collected stock individually. All material is dug fresh from the forests—on wet days only—after the order is received. The plants are selected by experienced collectors; graded in the woods; the best plants brought to the nursery, and regraded there. Shipments of collected stock are enroute to customer within a maximum of 48 hours from the time plants are taken from the forests. We do not guarantee all shipments of collected stock to be satisfactory, but we believe our method of handling this material insures better quality plants. All collected stock is fresh-dug; nothing kept in storage. Orders are booked from special quotations only. Send us your want list.

SHIPPING: Please give us definite shipping instructions. In the absence of special instructions, we use our best judgment without assuming responsibility. After delivery to forwarders, all articles travel at the risk of the purchaser, and if loss or delay occurs, the forwarders alone are responsible.

We charge for boxing and packing at cost of the material used. Orders accepted subject to prior sale of stock, crop injury or loss from any causes beyond our control. 25 plants at 100 rates; 250 plants at 1000 rates.

CLAIMS: We are careful to keep our stock true to name as labeled and will replace, on proper proof, any stock that may prove otherwise, free from charge or refund the amount paid us, but it is mutually agreed that we shall not be liable for any amount greater than the purchase price. No claim will be entertained unless it is made in writing within ten days after receipt of stock.

TRUCK SERVICE: We are able to offer delivery in private trucks within a radius of 600 miles. Charges average about the same as railroad rates with the elimination of packing charges and delivery to your door.

LOCATION: McMinnville is located in Middle Tennessee, 70 miles East of Nashville, 138 miles west of Knoxville on U. S. Highway No. 70 S; state highways No. 1, 55 and 56.

COMMUNICATION: McMinnville is served by Western Union Telegraph Co., and Southern Continental Telephone Co. Our telephone numbers are: Day, 2304; Night, 153R. Call us on your urgent needs.

REFERENCES: Any bank or business house in McMinnville, the Commercial Agencies or any leading nurserymen in the United States. We are members of the American Association of Nurserymen, Southern Nurserymen's Association and Tennessee State Nurserymen's Association.

SAMPLES: We will be glad to send samples of any items at the rate for ten plants.

COMBINATION FRUIT TREES

A novelty that has proven its worth as a sales attraction to catalog, sales yard and solicitors customers. Be sure and order your supply early.

5-N-1 APPLE

	Per 10	Per 100

COUCH'S IMPROVED BUSH CHERRY

Bears exceptionally well first year with masses of edible fruit that resembles the Montmorency. Blossoms in early spring and can be used as an ornamental as its foliage resembles that of the Flowering Almond and it seldom attains a height of more than three feet.

READY MADE GRAFTS

Our grafts are carefully prepared by expert workmen and are thoroughly calloused and ready for planting when shipment is made. Each shipment will include proper planting instructions. We use Washington grown seedlings exclusively, and our scions are secured from our orchards or other dependable sources and are always true to label.

Last year we prepared over one million grafts for our customers. Won't you let us take care of your grafting problems for you?
